## The Professors

### History of the Faculté

Juniorat Saint-Jean was founded in 1908, the same year as the inauguration of the Faculty of Arts and Sciences of the University of Alberta.

Though of the same age, the two institutions have evolved in very differing fashions. On November 27, 1970, the Collège became Collège Universitaire Saint-Jean, an integral part and a bilingual sector of the University of Alberta. Official Faculty status was granted in September 1977, and the name changed to Faculté Saint-Jean in May 1978.

Today, Faculté Saint-Jean is characterized by its French language university status. It serves students capable of pursuing university studies in French. The Faculté has taken on the mission of serving the particular needs of Francophones in western Canada.

It is the duty of every university to enrich, as much as possible, not only the intellectual but also the cultural life of its students. Therefore Faculté Saint-Jean finds itself with the special mission of contributing to the cultural enrichment of its students as well as of the whole of French life in Alberta. Through this commitment (which has taken concrete form in the development of Saint-Jean) the University hopes to foster French culture in western Canada.

## Linguistic Policy

At Faculté Saint-Jean, the language of academic and social life is French. With the exception of English courses, all our courses and services are offered in French. French is also the language used by the administrators, the professors and the support staff.

All members of the Faculté Saint-Jean community are committed to respecting and fostering the immersive French-language character of the institution, within the bilingual setting offered by the University of Alberta

## Services

**Library Facilities:** The University of Alberta library system makes available to the professors and students of Faculté Saint-Jean a library well stocked with resources in the humanities and social sciences, in the pure sciences, and in education including a collection of pedagogical materials and juvenile literature. Works may be consulted on the premises or may be available for lending. All students also have access to the libraries on the other campus of the University of Alberta.

**Academic support:** La Centrale offers free peer mentoring services to all Faculté Saint-Jean students who wish to improve their competence in French, English or science.

**Counselling:** Student Counselling Services offers a wide range of counselling services directed at helping students who are experiencing personal or academic difficulties. These services are offered in French at Faculté Saint-Jean.

**Residence:** Résidence Saint-Jean is a service which complements the educational experience offered by Faculté Saint-Jean. Students who ask for admission to the residence commit themselves to the active pursuit of the goals of the residence, namely, to live in French in the various environments of Faculté Saint-Jean, to be committed to their studies and to display a spirit of community. The residence is on the Faculté campus and can accommodate approximately 100 students. More detailed information may be obtained at Service des Résidences, 214 Résidence Saint-Jean (780) 466-3824.

**Mini-bus service:** Faculté Saint-Jean is located at 8406-91 Street (about six kilometers east of North Campus, the main University campus). This does not preclude the possibility of students following courses at Faculté Saint-Jean and in another Faculty of the University, since a mini-bus service is provided between courses.

## Regulations of the Faculté

### Admission

#### Application for Admission

Application procedure is explained in Undergraduate Application Procedures and Deadlines of the University Calendar.

Admission to Faculty Saint Jean is competitive. Presentation of the minimum requirements does not guarantee admission. Applicants will be assessed on the basis of their academic records as described below.

#### Admission Requirements

1. Applicants will be considered for admission based on their matriculation average on five appropriate Grade 12 subjects or equivalent. See High School Applicants for minimum grade and admission average requirements.
2. **French Language Proficiency:** French is the language of instruction in all programs at Faculté Saint-Jean. Therefore, all applicants must possess an adequate knowledge of written and spoken French as a prerequisite to admission. Nonmatriculated applicants and Open Studies students must comply with the requirement along with other applicants. All applicants will be required to demonstrate proficiency in the French language prior to admission. This demonstration may take any one of several forms:
  - a. successful completion of one of the following courses (Alberta Education curriculum):
    - Français 30-1, 30-2
    - French 30 (9 year), 31
    - French Language Arts 30-1, 30-2
  - OR**
  3. successful completion of four years of education in French. Such education can be in a combination of secondary and postsecondary training; **OR**
  4. graduation from a degree program offered by an accredited university at which French is the language of instruction.

Detailed admission requirements for the various university programs are set out in Undergraduate Admission of the University Calendar.

High school courses listed are based on Alberta Education curriculum. Prospective students from other provinces and territories should review the Admission Course Equivalents on the Registrar's Office website at [www.admissions.ualberta.ca](http://www.admissions.ualberta.ca) for acceptable courses.

Further information may be obtained from the Office of Admissions, Faculté Saint-Jean.

#### Requirements for the BA, BEd, BEd/BSc, BSc, BSc (Environmental and Conservation Sciences-Bilingual), BSc Nursing (Bilingual) programs

##### Bachelor of Arts Program

1. One of French 30 (9 year), 31, Français 30-1, 30-2; French Language Arts 30-1, 30-2.
2. Any language other than French, level 30. (For the competency requirements in English/second language see English Language Proficiency for Admission.) (See Note 1).
3. Three subjects from Group A, B and/or C. A maximum of one subject in Group B may be presented for admission. Mathematics 30-2 may be used for admission, though some disciplines require Mathematics 30-1 as a prerequisite for required courses (see notes below). Only one of Mathematics 30-1 or Mathematics 30-

2 will be used for admission. In order to maximize their future program and course choices, all applicants are encouraged to present a broad range of subjects across Group A and C.

4. See additional requirements below for specific majors and minors.

#### Notes

1. If an applicant presents French as a second language (30-level French Language Arts, 30-level French, or equivalent), the other 30-level language must be the school's language of instruction.

For example, an applicant residing in Alberta and attending a school where the language of instruction is English must present English Language Arts 30-1 for admission; an applicant residing in Mexico and attending a school where the language of instruction is Spanish must present the final Spanish language course for admission.

2. If applicants choose Political Science as a major they should present Social Studies 30-1.
3. If applicants choose Psychology as a major or a minor they should present Mathematics 30-1 or 30-2.
4. If applicants choose Economics as a major they must present Mathematics 30-1, and presentation of Mathematics 31 is recommended. Mathematics 30-1 does not have to be included as one of the five 30-level courses used for admission, but Mathematics 30-1 is required as a prerequisite for some courses.
5. If applicants choose Mathematics as a major they must present both Mathematics 30-1 and Mathematics 31. For a minor in Mathematics, applicants should present Mathematics 30-1. These courses do not have to be included in the five 30-level courses used for admission, but are required as prerequisites for some courses.
6. If applicants want to transfer to the Faculty of Business they must present Mathematics 30-1. This course does not have to be included as one of the five 30-level courses used for admission, but some of the courses required for admission to the Faculty of Business require Mathematics 30-1 as a prerequisite.

### Bachelor of Education Program

#### Elementary

##### Admission Requirements

1. One from Français 30-1, 30-2; French Language Arts 30-1, 30-2; French 30 (9 year).
2. A language other than French, which may include a 30-level Aboriginal language recognized in Canada. (For the competency requirements in English/second language, see English Language Proficiency for Admission.) (See Note.)
3. Three subjects from Group A, B and/or C. A maximum of one subject in Group B may be presented. Mathematics 30-2 may be used for admission to the Bachelor of Education (Elementary) program. However, only one of Mathematics 30-1 or Mathematics 30-2 will be used for admission purposes.

**Note:** If an applicant presents French as a second language (30-level French Language Arts, 30-level French, or equivalent), the other 30-level language must be the school's language of instruction. For example, an applicant residing in Alberta and attending a school where the language of instruction is English must present English Language Arts 30-1 for admission; an applicant residing in Mexico and attending a school where the language of instruction is Spanish must present the final Spanish language course for admission.

#### Secondary

##### Admission Requirements

1. One from Français 30-1, 30-2; French Language Arts 30-1, 30-2; French 30 (9 year).
2. A language other than French, which may include a 30-level Aboriginal language recognized in Canada. (For the competency requirements in English/second language, see English Language Proficiency for Admission.) (See Note.)
3. Three subjects from Group A, B and/or C. A maximum of one subject in Group B may be presented. Mathematics 30-2 may be used for admission to the Bachelor of Education (Secondary) program. However, only one of Mathematics 30-1 or Mathematics 30-2 will be used for admission purposes. See Additional Requirements by major below.

**Note:** If an applicant presents French as a second language (30-level French Language Arts, 30-level French, or equivalent), the other 30-level language must be the school's language of instruction. For example, an applicant residing in Alberta and attending a school where the language of instruction is English must present English Language Arts 30-1 for admission; an applicant residing in Mexico and attending a school where the language of instruction is Spanish must present the final Spanish language course for admission.

#### Additional Admission Requirements for BEd Secondary majors

1. For a major in Mathematics, applicants must present Mathematics 30-1.
2. For a major in General Sciences, applicants must present Biology 30, Chemistry 30 and Mathematics 30-1.

#### Additional Information for BEd Secondary minors

1. For a minor in Mathematics, applicants should have Mathematics 30-1. Mathematics 30-1 does not have to be included for admission, but the minor requires courses for which Mathematics 30-1 is a prerequisite.
2. For a minor in General Sciences, applicants should have three from Biology 30, Chemistry 30, Physics 30 and Mathematics 30-1. These courses do not have to be included for admission, but the minor requires courses for which Mathematics 30-1 is a prerequisite.
3. For a minor in Physical Sciences, applicants should have Chemistry 30, Physics 30 and Mathematics 30-1. These courses do not have to be included for admission, but the minor requires courses for which these are prerequisites.

#### Bachelor of Education/Bachelor of Science Program

##### Admission Requirements

1. One from Français, 30-1, 30-2; French Language Arts, 30-1, 30-2; French 30 (9 year).
2. A language other than French which may include a 30-level Aboriginal language recognized in Canada. (For the competency requirements in English/second language, see English Language Proficiency for Admission.) (See Note.)
3. Mathematics 30-1.
4. Two from: Biology 30, Chemistry 30, Computing Science (CSE) Advanced Level, Career and Technology Studies (CTS) (5 credits), Mathematics 31 and Physics 30.

**Note:** If an applicant presents French as a second language (30-level French Language Arts, 30-level French, or 13.3 equivalent), the other 30-level language must be the school's language of instruction. For example, an applicant residing in Alberta and attending a school where the language of instruction is English must present English Language Arts 30-1 for admission; an applicant residing in Mexico and attending a school where the language of instruction is Spanish must present the final Spanish language course for admission.

#### Additional Requirements for BEd/BSc Secondary majors

1. For a major in Biological Sciences, applicants must present Biology 30 and Chemistry 30.
2. For a major in Physical Sciences, applicants must present Chemistry 30 and Physics 30.
3. For a major in Mathematical Sciences, applicants must present two of Biology 30, Chemistry 30 or Physics 30.

**Note:** Subject requirements may differ depending on the minor selected.

#### Bachelor of Science Program

1. One of French 30 (9 year), 31; Français 30-1, 30-2; French Language Arts 30-1, 30-2.
2. One of English Language Arts 30-1 or English as a second language, level 30. (For the competency requirements in English second language see English Language Proficiency for Admission).
3. Mathematics 30-1
4. Two of Biology 30, Chemistry 30, Mathematics 31, Physics 30, or Computing Science (CSE) Advanced Level-Career and Technology Studies (CTS) (5 credits)

#### Bachelor of Science (Environmental and Conservation Sciences-Bilingual) program

Effective September 2015, there will be no further admissions to BSc ENCS program. Students who entered the program prior to September 2015 must complete all program requirements by April 30, 2021. The last BSc ENCS program will be granted at Spring Convocation 2021.

**Note:** Prospective applicants must apply for admission to Faculté Saint-Jean. See Bachelor of Science (Environmental and Conservation Sciences-Bilingual).

1. One of French 30 (9 year), 31; Français 30-1, 30-2; French Language Arts 30-1, 30-2.
2. One of English Language Arts 30-1 or English as a second language, level 30. [For the competency requirements in English second language see English Language Proficiency for Admission].
3. Mathematics 30-1
4. Chemistry 30
5. Biology 30

#### **Bachelor of Science Nursing (Bilingual) program**

**Note:** Prospective students must apply for admission to the Faculty of Nursing [see BSc in Nursing–Bilingual Program/Baccalauréat ès sciences infirmières (bilingue) and BScN–Bilingual Program/Baccalauréat ès sciences infirmières (bilingue)].

Admission to this quota program is limited.

#### **Language Proficiency Requirements**

1. English: For information regarding general English Language proficiency requirements as well as spoken English requirements applicable to all health sciences disciplines see Language Proficiency Requirements.
2. French: Successfully complete one of the following courses: Français 30-1 or 30-2 (offered in French schools), French Language Arts 30-1, or 30-2 (offered in French immersion programs) French 30 (9 year), or French 31 (offered in English schools), or equivalent.  
For further information, see BSc in Nursing–Bilingual Program/Baccalauréat ès sciences infirmières (bilingue), Academic Standing and Graduation and BScN–Bilingual Program/Baccalauréat ès sciences infirmières (bilingue).

### **Classification of Matriculation Subjects**

High school courses listed below are based on Alberta Education curriculum. Prospective students from other provinces and territories should review the Admission Course Equivalents on the Registrar's Office website at [www.admissions.ualberta.ca](http://www.admissions.ualberta.ca) for acceptable courses.

Acceptable Grade XII subjects have been placed in three groups, as follows:

#### **Group A (Humanities/Social Sciences, Languages other than English or French)**

- Social Studies 30-1
- 30-level Language (other than English or French)
- Aboriginal Studies 30 (cannot be used for admission with Social Studies 30-1)

**Group B (Fine Arts)**

Applied Graphic Arts 35

Art 30

Art 31

Communication Technology Advanced level Career and Technology Studies (CTS) (5 credits)

Dance 35

Drama 30

Music 30 (Choral, Instrumental or General (5 credits)

Music 35

Musical Theatre 35

Performing Arts 35 A, B, or C

**Group C (Maths/Sciences)**

Biology 30

Chemistry 30

Computer Science (CSE) Advanced level, Career and Technology Studies (CTS) (5 credits)

Mathematics 31

Physics 30

Mathematics 30-1

Mathematics 30-2 (See Note 1)

Science 30

**Notes**

1. Mathematics 30-2 will be accepted as a Group C admission subject to some programs. For further information, please see Faculté admission requirement (Admission Requirements) for each program of study.

**Admission with deficiency in English**

A non-English speaking student with no equivalence for English Language Arts 30-1 upon admission must make up this deficiency. See English Language Proficiency for Admission.

**Nonmatriculated Applicants**

Applicants 21 years and older who do not present the minimum requirements may be considered for admission as a nonmatriculated applicant.

**Admission Criteria**

Applicants must have successfully completed one of the following courses: French 30 (9 year), 31; Français 30-1, 30-2; French Language Arts 30-1, 30-2 or equivalent. See French Language Proficiency.

### Bachelor of Arts

In addition to the French language requirement, applicants to the BA program must have successfully completed another 30-level subject from Groups A, B or C (or equivalent).

### Bachelor of Education (Elementary)

In addition to the French language requirement, applicants to the BEd (Elementary) program must have successfully completed another 30-level subject from Groups A, B or C (or equivalent).

### Bachelor of Education (Secondary)

In addition to the French language requirement, applicants to the BEd (Secondary) program must have successfully completed another 30-level subject from Groups A, B or C (or equivalent). See also Additional Admission Requirements for majors (Admission Requirements).

### Bachelor of Education/Bachelor of Science

In addition to the French language requirement, applicants to the BEd/BSc program must have successfully completed another 30-level subject from Groups A, B or C (or equivalent). See also Additional Admission Requirements for majors (Admission Requirements).

### BSc Program

In addition to the French language requirement, applicants to the BSc program must have successfully completed Mathematics 30-1 (or equivalent) and two of the following: Biology 30, Chemistry 30, Physics 30 or Mathematics 31 (or their equivalents).

### BSc (Environmental and Conservation Sciences-Bilingual) program

Effective September 2015, there will be no further admissions to BSc ENCS program. Students who entered the program prior to September 2015 must complete all program requirements by April 30, 2021. The last BSc ENCS program will be granted at Spring Convocation 2021.

In addition to the French language requirement, applicants to the BSc (Environmental and Conservation Sciences-Bilingual) program must have successfully completed Mathematics 30-1 (or equivalent), Biology 30 and Chemistry 30 (or their equivalents).

Applicants must possess a minimum overall average of 70% (on a 50% passing scale) in the required subjects.

### Applicants from High Schools outside of Alberta

1. **Standards:** Applicants from another Canadian province who have successfully completed work at the standards shown below will be considered for admission to Faculté Saint-Jean provided they present subjects equivalent to the requirements of the appropriate programs.
  - a. **Quebec:** Successful completion of the first year of the CEGEP academic program with satisfactory performance in appropriate subjects. Applicants with two years of CEGEP may receive advanced credit.
  - b. **Other provinces:** Grade 12 graduation.
2. **Equivalences:** Faculté Saint-Jean has the right to judge the equivalent values and the classification of courses taken in other provinces.

## Special Students

Special students are those who have been permitted to register in one or more courses which are not being taken for credit toward a degree program. Priority will be given to students who have not previously attended Faculté Saint-Jean as special students. Special students may not have access to all courses offered by Faculté Saint-Jean. To be considered for admission as a special student at Faculté Saint-Jean, applicants must normally have received a university degree from an accredited postsecondary institution, present a competitive admission grade point average, and meet French Language Proficiency requirements as specified in French Language Proficiency.

## Admission from Outside Canada

See Applicants from High Schools outside of Canada of the University Calendar. For further information, please contact the Office of the Registrar and consult the website: [www.international.ualberta.ca](http://www.international.ualberta.ca)

## Admission to the Bachelor of Arts (Honors) Program

Admission to the BA (Honors) program normally follows the completion of a first year of university studies. Candidates seeking admission to the program will have successfully completed a minimum of ★24 with an overall minimum average of 3.0 and a minimum of 3.3 in the course required for the field of specialization.

## Admission to the BEd/AD Program

Admission will be based on the following:

1. An approved degree which includes adequate preparation in an area of teaching concentration relevant to elementary or secondary education programs. Students seeking admission to the BEd/AD program should be aware that any deficiencies as determined by the Office of Admissions must be lifted before they can register in the courses of the "professional year."

**Elementary:** Applicants seeking admission to the BEd/AD elementary route are required to present the equivalent of ★36 in the following areas: ★6 per category in at least three of the following categories: Humanities, Social Sciences, Fine Arts, Sciences, and ★18 in any of the categories.

**Secondary:** Applicants seeking admission to the BEd/AD secondary route are required to present the equivalent of ★30 in one of the major specializations offered at the Faculté. As well, candidates must have the equivalent of ★12 in a second area of specialization designated as a minor.

2. Satisfy Language Proficiency Requirements (See Language Assessment)
3. Letter of Intent: Applicants must submit a letter setting out the reasons for their choice of career and describing the life experiences that convinced them to become a teacher.

## Admission to the Bilingual Bachelor of Commerce

### Subject Requirements

1. One of French 30 (9 year), 31; Français 30-1, 30-2; French Language Arts 30-1, 30-2
2. English Language Arts 30-1
3. Mathematics 30-1
4. Subject from Group A or C (Social Studies 30-1 is recommended)
5. Subject from Group A, B or C

Applicants to the Bilingual Bachelor of Commerce will generally complete their preprofessional requirements while registered in a Bachelor of Arts program at Faculté Saint-Jean. For information concerning admission to the Faculty of Business in second or third year, see Faculty of Business.

## Postsecondary Transfer Applicants

Applicants who wish to transfer to Faculté Saint-Jean from another university may be admitted with advanced standing on the following conditions:

1. That the courses completed at the former institution have not been applied toward a degree;
2. That these courses are acceptable in the program to which the applicant is admitted;
3. That no more than ★60 be granted for the BEd or ★30 for the BEd/AD;
4. That the Language Proficiency Requirements indicated in Language Assessment are met.

## English Language Proficiency for Admission

### General University Requirements

English is the primary language of instruction in all Faculties except Faculté Saint-Jean, where French is the primary language. Therefore, all applicants to undergraduate Faculties other than Faculté Saint-Jean must possess an adequate knowledge of written and spoken English as a prerequisite to admission. For example, nonmatriculated applicants and Open Studies students must comply with the requirement along with other applicants. See English Language Proficiency.

Applicants to Faculté Saint-Jean need not demonstrate proficiency in English prior to admission being granted. However, they must demonstrate proficiency in English before they may be granted a degree from this institution. Candidates who are admitted at Faculté Saint-Jean who have not demonstrated proficiency in English will be required to meet one of the following conditions:

- The satisfactory completion of ★6 in one of the following courses: ANGL, ALS (Anglais Langue Seconde) or ENGL (see requirements of each program for specific information), **OR**
- BEd students may also demonstrate proficiency in the English language by the satisfactory completion of ★18 which have English as the language of instruction, **OR**
- BEd/AD students may also demonstrate proficiency in the English language by the satisfactory completion of ★6 which have English as the language of instruction.

Further information on these language requirements is available from the admissions office at Faculté Saint-Jean.

## Visiting Students

Students from other postsecondary institutions are eligible to be considered for admission as visiting students if:

1. they are degree program students at their home institution;
2. their home institution provides a letter of permission;
3. they have completed a minimum of ★24 at their home institution;
4. their academic record shows satisfactory standing;
5. they demonstrate French language proficiency.

Visiting student status is granted for one academic year. Visiting students must reapply for each additional year and present a new letter of permission from their home institution.

## Registration

### General Information

Students registered at the University of Alberta in other Faculties may take courses offered at Faculté Saint-Jean.

### Registration Procedure

The normal procedure for registration is that set out in Registration and Fees of the University Calendar.

### Change of Registration

Changes of registration may be made by students until the end of the registration period [see the Academic Schedule, Dates, and Deadlines or General Information (English)].

## Classification of Courses

In order to fulfill the requirements of a particular program of study, students must often choose courses from several different content areas. To facilitate this choice, the Faculté proposes the following classification:

### English Language

ALS

### Fine Arts and Literature

ADRAM; ANGL; FRANC 228, FRANC 235, FRANC 324, FRANC 330, FRANC 333, FRANC 334, FRANC 335, FRANC 336, FRANC 465, FRANC 466, FRANC 472, FRANC 482, FRANC 484, FRANC 485; MUSIQ.

## Academic Requirements

1. During the academic year, students may not register for more than ★30 without approval of the Associate Dean (Academic). Normally, this approval will not be granted to students whose average in the last ★30 is below 3.5 or if they are registered in "Stages I or II" of the practicum.
2. Students in first year may take senior courses only with the approval of the Associate Dean (Academic).
3. The final grade assigned in each course shall be determined not only by the final examination, but also by all examinations and assignments completed throughout the year.
4. **Reregistration in Courses**
  - a. Students may not repeat any University course passed, or courses for which they have received transfer credit, except for reasons deemed sufficient, and verified in writing, by the dean (or designate) of the Faculty in which they are enrolled.
  - b. Students may not reregister for credit or audit more than once in any failed University course, except for reasons deemed sufficient by the dean (or designate) of the Faculty in which they are enrolled.
  - c. Students may not reregister for credit or audit more than once in any University course in which they have received a final grade of W, except for reasons deemed sufficient by the dean (or designate) of the Faculty in which they are enrolled.
  - d. In cases where a student contravenes regulations a., b., or c. above, the dean (or designate) may withhold credit or indicate the course as extra to the degree, on the course registration that contravenes the regulation.
  - e. Students may repeat a first-term course in the second term if it is offered in the second term, as long as the student complies with regulations a., b., and c. above.
  - f. An undergraduate student who, because of unsatisfactory academic performance is either required to withdraw, and/or required to repeat a year, and/or put on probation, will retain credit for courses in which grades of D or higher have been attained during the period for which the student's performance was evaluated as unsatisfactory.

Notwithstanding this credit, Faculties may require substitution of other courses in programs in which full course loads are required.
5. **Prerequisite Course Requirements**
  - a. Degree credits may be withheld for courses with prerequisite requirements if the prerequisite requirements have not been met or have not been waived in writing.

- b. Students who are unsure that they meet the prerequisite requirements in a course, or who wish to obtain permission to have a prerequisite waived, should consult the Department/Division offering the course.

## Language test

### French Compulsory Test for All Faculté Saint-Jean Students

A placement test is administered to all new students registered in the Faculté Saint-Jean. The students' competence is tested in order to facilitate their placement in French language courses. No preparation is required. Initial assessment is done online prior to enrollment in French courses. The results of this test determine the French course(s) in which the student must register. Detailed instructions are sent to students upon admission.

#### Placement of students by initial assessment :

- Students with a mark inferior or equal to 50% must register in FRANC 116.
- Students with a mark between 51% and 65% inclusively must register in FRANC 117.
- Students with a mark between 66% and 75% inclusively must register in FRANC 216.
- Students with a mark between 76% and 94% inclusively must register in FRANC 226.
- Students with a mark superior or equal to 95% are exempt from basic French language courses and can register in FRANC or LINGQ courses (200 or 300 level) of their choice.

### Compulsory Test for Students Admitted Without English 30 or Equivalent

Students admitted without English Language Arts 30-1 or equivalent will be required to reach a level of proficiency comparable to English Language Arts 30-1, normally during the first two years of their program. Students who first register at the Faculté Saint-Jean are required to register and write an English language placement test. This English language placement test determines the competency in English language and determines the placement in the English courses (ALS, ANGL). No preparation is required. The results of this test determine in which English language courses the student must register.

#### Notes

1. Compulsory Test for Students Admitted Without English 30 or Equivalent does not apply to students registered in the BEd/BSc combined degrees program.
2. Compulsory Test for Students Admitted Without English 30 or Equivalent does not apply to students registered in the BScN (Bilingual) program. See Admission Requirements.

## Language Assessment

### 1. Language Requirement of the Diplôme d'études en langue française (DELF)

Successful completion of DELF examination according to the required score or to an equivalent examination (see Acceptable proof of language proficiency equivalent to DELF level "Strong B2") is an admission requirement to the BEd Program after obtaining a first degree (BEd/Ad) and an admission requirement to the Field Experiences for other programs.

For further information on the DELF, please visit: [www.csj.ualberta.ca](http://www.csj.ualberta.ca)

a. **Admission Requirement to the BEd/Ad (★60) Program**

To be admitted to this program, students must present the results of a "strong B2" level of the French test (DELF) comprised of oral and written comprehension and production components. The minimum overall pass mark required by the Faculté Saint-Jean is 72 % and a score no lower than 18 points out of 25 in each of the four components.

- b. **Admission Requirement to Field Experiences BEd Program (★120):** To be admitted to Field Experiences, students are required, during the first term of their third year at the latest to present the results of a "strong B2" level of the French test (DELF) comprised of oral and written comprehension and production components. The minimum overall pass mark required by the Faculté Saint-Jean is 72 % and a score no lower than 18 points out of 25 in each of the four components.

**BEd/BSc (★150):** To be admitted to Field Experiences, students are required, during the first term of the fourth year of their program, to present the results of a "strong B2" level of the French test (DELF) comprised of oral and written comprehension and production components. The minimum overall pass mark required by the Faculté Saint-Jean is 72 % and a score no lower than 18 points out of 25 in each of the four components.

2. **Acceptable proof of language proficiency equivalent to DELF level "Strong B2"**

Although the DELF level "strong B2" is the principal reference, tests results from the following list are acceptable under certain conditions:

- **Test de connaissance de Français (TCF)**

A score between 400-499 out of 900, and evidence that the period between the date of the examination and the date of the registration request does not exceed two years.

- **Test d'évaluation de Français (TEF)**

A score between 541-698 out of 900, and evidence that the period between the date of the examination and the date of the registration request does not exceed two years.

- **Test de Français international (TFI)**

A score between 320 and 390 in oral comprehension and between 330 and 400 in written comprehension as well as evidence that the period between the date of the examination and the date of the registration request does not exceed two years.

Note that since the TFI does not include the oral and written production parts, students must pass these two parts in the retest session administered internally.

- **International Baccalaureate (IB) French Exams**

For the level B, a minimum score of 4/7 For the level A1 and A2, a minimum score of 3/7

- **Advanced Placement Tests: French**

A score of 5/5

- **Cegep French exams**

Successfully passing the exam with a minimum of 60%

- **French test of the Baccalauréat exam in France or equivalent test from a francophone country**

Successfully passed the French test

## Credit by Special Assessment

**Note:** See also Credit by Special Assessment.

### 1. Basis of Application

Students registered in Faculté Saint-Jean, who have completed courses or gained experience equivalent to a course or courses at Faculté Saint-Jean, may seek credit by special assessment. Students must submit, on the appropriate form, their request to the Associate Dean (Academic) who will indicate a recommendation and determine the format of the assessment; this may be either the final examination of the course in question, or a special examination on the total course content or some other form of assessment.

### 2. Limits

- a. Faculté Saint-Jean is not required to offer Credit by Special Assessment in all courses. Courses which have a significant practical component, such as laboratory or studio work, or courses requiring substantial writing may not be eligible for Credit by Special Assessment. The course level, and in some cases the specific course, to be challenged will be determined by Faculté.
- b. Credit may be granted for a maximum of ★12, of which no more than ★6 may be in Language courses. In the case of Language courses, only those numbered 200 or higher are open to Credit by Special Assessment. Where Language courses at the 300- or 400- level (or higher) have already been completed, a student may not subsequently attempt by Special Assessment any courses at a lower (e.g., 200- or 300-) level.
- c. Students may attempt Credit by Special Assessment only once in each course.
- d. The number of attempts to obtain Credit by Special Assessment is restricted to a maximum of ★12. Note: This limits the number of courses that may be challenged, regardless of results. Cancelled applications are considered an attempt to obtain credit and will be included in this maximum.
- e. Students seeking credit in a prerequisite to a course in which they intend to register must complete the Credit by Special Assessment examination before the start of classes in the advanced course. Similarly, in cases where "advance placement" in a prerequisite course has been given, students may also seek Credit by Special Assessment in the prerequisite course, but must also complete the special assessment examination before the start of classes in the advanced course.
- f. Graduate courses and Honors courses (i.e., those open only to Honors students and specified as such in the Calendar) cannot be attempted by Special Assessment.
- g. Courses which have previously been audited, or in which the student has withdrawn, may not subsequently be attempted by Special Assessment.

### 3. Deadline for Completion

If the assessment is not complete within one month, the request lapses automatically.

### 4. Grading

The student's mark resulting from this special assessment cannot be appealed and will be entered on the student's official record with the note "Special Assessment."

### 5. Fee

A fee will be assessed and must be paid before the special assessment will be undertaken. Please refer to Fees Payment Guide for fee information.

## Residence

### Residence

Students registered in a BA program must complete at least ★60 at Faculté Saint-Jean including a minimum of ★15 in a major (for the BA) and a minimum of ★24 in the specialization (for the BA Honors). [See also Graduation (2)].

Students registered in a BA program after a first undergraduate degree must complete at least ★30 at Faculté Saint-Jean, including a minimum ★15 in the major.

Students registered in a BSc program must complete at least ★60 at Faculté Saint-Jean.

Students registered in a BEd program must complete at least ★60 at Faculté Saint-Jean.

Students registered in a BEd/AD program must complete at least ★30 at Faculté Saint-Jean.

Students registered in a combined BEd/BSc program must complete at least ★90 at Faculté Saint-Jean.

Students registered in the BScN (Bilingual) program must complete at least ★18 at Faculté Saint-Jean and ★48, including a minimum of ★15 NURS in French, at the Faculty of Nursing.

Normally the last year of a degree program must be completed during a regular academic year at the University of Alberta. The student counsellors may recommend to the Associate Dean (Academic) an exemption to this regulation. If the student has already completed ★60 at the Faculté before the last year of a program, the student may request authorization of the Associate Dean (Academic) to take one or more courses at another university.

## Letter of Permission

Students may be allowed to take one or more courses at another university in order to obtain credits for a program at Faculté Saint-Jean. Before registering at another university, a letter of permission must first be obtained from the Admissions Office. The request for a letter of permission must include the name of the university which the student wishes to attend, along with the number, title and description of the course(s) the student wishes to take. If the request is approved, the Office of the Academic Associate Dean will send the letter of permission to the university in question with a copy to the student. Normally, a letter of permission will not be granted to students who do not have satisfactory academic standing (see Academic Standing and Graduation).

## Exchange Programs

For students already admitted to a degree program in Faculté Saint-Jean who are participating in approved international exchange programs, credit will be considered on a credit/fail basis only. Therefore, grades achieved in such courses will not normally be included in promotion or graduation average calculations unless the students declare prior to participation in the exchange program that they wish these grades to be included. Credit may be granted provided a passing grade is achieved with a minimum grade of C-.

## Academic Standing and Graduation

The following regulations shall apply to all students at Faculté Saint-Jean:

### Academic Standing

1. At the end of each academic year, (Fall/Winter) and according to the grade point average (GPA) of that academic year, students are placed in one of the three following categories: Note: a minimum grade point average (GPA) of 2.0 is required to obtain a degree.
  - a. **Satisfactory standing:** Students who maintain a sessional GPA of 2.0 or more may continue their studies at Faculté Saint-Jean. Students registered in a BA Honors must maintain a sessional GPA of 3.0 or more to continue in their program. A minimum GPA of 3.3 is required in the specialization.
  - b. **Marginal standing:** Students who receive a GPA of 1.7 to 1.9 inclusive will be placed on academic probation and warned that if they have not met the requirements of the probation, they must withdraw from the program.
  - c. **Unsatisfactory standing:** Students who receive a GPA of 1.6 or less will be required to withdraw from the program. Such students may apply for readmission, although normally at least one year must elapse before readmission will be granted (on a probationary basis).
  - d. **Readmission:** Students who have been required to withdraw and who are applying for readmission shall attach to their application a recommendation from the Associate Dean (Academic).

2. **Probation:** Students who are authorized to continue their studies on probation for academic reasons or who are readmitted after being required to withdraw from the University must demonstrate ability to meet promotion standards and would be bound by the following requirements:
  - a. Register as a full-time student during the Fall/Winter and complete at least ★18 with a minimum GPA of 2.0. Students should be aware, on the other hand, that a GPA of 2.0 is required to obtain a degree.
  - b. Registration in EDU S courses will not be permitted while students are on probation.
  - c. Failure to meet these conditions will normally result in a permanent dismissal from the Faculté.
3. **Fresh Start Program:** The Fresh Start Program is open to first and second year students in participating Faculties who are assigned unsatisfactory academic standing, are required to withdraw, have a grade point average between 1.3 and 1.6 and are recommended for admission to this program by their Faculty. For further information, see Fresh Start Program.

**Note:** The Fresh Start program is not open to students in the BScN (Bilingual) program.

## Graduation

1. A minimum grade point average (GPA) of 2.0 is required to obtain a degree.

**Note:** To obtain a BA, students must maintain a minimum GPA of 2.0 in ★120 applicable to the program. A minimum GPA of 2.3 is required in the major concentration.

2. To obtain a BA Honors, students must maintain a minimum GPA of 3.0 in the ★120 applicable to the program. A minimum GPA of 3.3 is required in the specialization.
3. To obtain a BScN (Bilingual) degree, students must maintain a minimum GPA of 2.0 on the last ★60. (If ★60 requires including another term or terms, the best results from this term or terms are included. Failing results are not included in the calculation of the graduation GPA.)
4. **Compulsory Courses:** To obtain a degree from Faculté Saint-Jean, students must have successfully completed the following courses:
  - a. FRANC 322
  - b. ★3 selected from courses with a Francophonies content. (See Classification of Courses)

### Notes

1. (a) and (b) above do not apply to students registered in the BSc (see Degree of Bachelor of Science), BSc (Environmental and Conservation Sciences - Bilingual) (see Bachelor of Science (Environmental and Conservation Sciences-Bilingual)).
2. (b) above does not apply to students registered in the BScN (Bilingual) program (see Bachelor of Science in Nursing (Bilingual)).
5. **Honors Mention:** Faculté Saint-Jean grants the following honors notations:
  - a. Students who complete their academic year with a GPA of 3.5 in a minimum of ★24 during Fall/Winter shall be awarded "First-Class" standing. Students who attend only one term of Fall/Winter are eligible if they complete at least ★12 with a minimum GPA of 3.5.
  - b. Students who complete their academic year with a grade point average of 3.7 in a minimum of ★24 during Fall/Winter shall be commended to the "Dean's List". Students who attend only one term of Fall/Winter are eligible if they complete at least ★12 with a minimum GPA of 3.7.
  - c. Students who obtain a grade point average of at least 3.5 in the last ★60 applicable to their program and who complete ★24 or more in each Fall/Winter term of the last 2 years will be entitled to the notation "With Distinction."

Students in the BScN (Bilingual) program who obtain a grade point average of 3.5 in the last ★60 applicable to their program and who have no failing grades throughout the program will be entitled to the notation "With Distinction".

Courses without final marks, which entitle students to credits, will not be taken into account. The grade point average will be calculated on the basis of the number of courses for which a mark is granted.

6. **Supplemental Session:** Students who have completed the number of units of course weight required for their degree with a GPA of less than 2.0 will be authorized to continue their studies during one further Winter Term. If, after this period, their GPA is still less than 2.0, they will be required to withdraw.

7. **Application for Graduation:** During their final year, all students must apply for graduation on Bear Tracks (<https://www.beartracks.ualberta.ca>) by September 1 for Fall Convocation or by February 1 for Spring Convocation.

## Reexamination

Policy and procedures for reexaminations are detailed in Reexaminations of the University Calendar. For those students requesting this information in French, please consult the Office of Admissions at Faculté Saint-Jean.

## Appeals and Grievances

The Faculty has established two committees through which disagreements between students and staff from Faculté Saint-Jean can be resolved: the Grade Review Committee for grade grievances, and the Appeals Committee for other academic matters. Students may obtain the policies and procedures of the two committees from the Office of Admissions at the Faculté.

### Informal Procedures

The Grade Review Committee and the Appeals Committee will undertake no formal action until it has the assurance that students have already used all normal means at their disposal to resolve the problem informally, such as:

1. In the case of a grade grievance or a problem with a professor, the student will first try to resolve the problem with the professor concerned.
2. If the professor does not comply with the student's request, or if the question does not fall within the professor's competence, the student will then refer the problem to the Head of the section concerned (Arts, Sciences, Pédagogie). Students from the combined BEd/BSc program will refer the problem to the Head of the section of Pédagogie, who will consult the Head of the section of Sciences, and both will try to resolve the problem.
3. If the Head of the section does not resolve the question to the student's satisfaction, the latter may then refer to the Associate Dean (Academic).
4. If students are still unsatisfied with the results of the above mentioned proceedings, they will be notified by the Associate Dean (Academic) of their right to make a formal request or appeal.

### Formal Procedures

Students who are still unsatisfied, after completing the informal procedures, may submit a formal request to the Grade Review Committee, in the case of a grade grievance, or a formal appeal to the Appeals Committee, in the case of a problem of an academic nature.

The decision of the Grade Review Committee is final. If the decision of the Appeals Committee is not satisfactory, students have the right to appeal to the GFC Academic Appeals Committee. (See Appeals and Grievances.)

## Academic Advising

The Office of Students Services provides academic advising to assist students in program planning. All new students are encouraged to have an interview with the academic adviser prior to the beginning of the academic year. Students currently enrolled may consult with the adviser at the time of registration near the end of the academic year. Students with special problems may schedule interviews with the Associate Dean (Academic).

It is the student's responsibility to be acquainted with all rules and regulations and to meet the requirements for the degree as outlined. Any exceptions to the requirements must be approved by the Associate Dean (Academic) in writing with one copy to be placed in the student's file and one to be given to the student.

On the other hand, faculty members are available for consultation on any question relating to a discipline or a particular profession.

## General Information

### Programs

Faculté Saint-Jean offers the following programs:

Bachelor of Arts  
Bachelor of Arts (Honors)  
Bachelor of Arts (After Degree)  
Bachelor of Commerce (Bilingual)  
Bachelor of Education (Elementary)  
Bachelor of Education (Secondary)  
Bachelor of Education (After Degree)  
Bachelor of Education/Bachelor of Science  
Bachelor of Science (General)  
Bachelor of Science (Environmental and Conservation Sciences—Bilingual)

Bachelor of Science in Engineering  
Bachelor of Science in Nursing (Bilingual)  
Diploma programs in Education  
Master of Arts in Etudes Canadiennes  
Master of Education

The BA After Another Undergraduate Degree

Students who have completed an undergraduate degree other than a Bachelor of Arts, may be admitted to the BA at Faculté Saint-Jean. All requirements detailed in Residence and Degrees of Bachelor of Arts are to be met.

### French Courses

All students, except those registered in the BEd/AD (see Programs), BSc (see Degree of Bachelor of Science) and BSc (Environmental and Conservation Sciences - Bilingual) (see The program) must complete a minimum of ★9 of French (FRANC), including FRANC 322. Students in the BScN (Bilingual) program should consult Course sequence.

The objective of French language courses is to help the student speak and write clearly and correctly in situations that arise in everyday personal or professional life. The unique intercultural context that is Faculté Saint-Jean provides an ideal environment for such linguistic development.

FRANC 322, mandatory for all students (except for the students in the BSc, BSc (Environment and Conservation-bilingual) and BScN-bilingual), presupposes a strong command of all aspects of French (grammatically, syntactically and lexically). It is the student's responsibility to acquire such command of the language. To achieve this goal, Faculté Saint-Jean offers French language and linguistics courses (e.g., FRANC 116, FRANC 117, FRANC 213, FRANC 216, FRANC 226, LINGQ 200), and provides access to a French help centre. In order to ensure that students have achieved this goal, FRANC 226 or FRANC 227 are prerequisites for FRANC 322. The Office of the Associate Dean (Academic) may grant an exemption for this course.

### Master of Education – Educational Studies in Language and Culture

## General Information

Faculté Saint-Jean offers a Master of Education degree specializing in educational studies in language and culture. This multidisciplinary program recognizes the uniqueness of the Faculté and enables students to pursue studies in French at the Master's level. The Master of Education program is oriented to the school milieu and its instructional program is designed to develop competencies as master teachers, specialists in the field of Immersion and Francophone education, and educators who are prepared to assume a leadership role in their educational milieu.

Prospective students should consult the Graduate Program Coordinator for further information or the University Calendar, Graduate Programs Faculty of Graduate Studies and Research under Faculté Saint-Jean.

## Master of Arts in Etudes Canadiennes

### General Information

Faculté Saint-Jean offers a Master of Arts degree specializing in études canadiennes. This program proposes a multidisciplinary and interdisciplinary study of Canada, including the study of Canada's francophonies. Emphasis is placed on culture and institutions in relation to socio-political conflicts and historical and social contexts. The program explores nationalism, regionalism and globalization; economy, society and state; and relations of identities/differences, sex/gender, race, language and class.

Prospective students should consult either the Director of the Centre d'études canadiennes at Faculté Saint-Jean or Graduate Programs of the University Calendar.

### Options

The term "option" means a course freely chosen by students provided they have successfully completed the prerequisite(s). The term "approved option" means an option approved by the department directing the program of the student concerned.

## Centre collegial de l'Alberta (English)

### General Information

#### History

Over the past twenty years, there has been growing support for the development of College-level programs offered in French. A proposal was submitted to the Board of Governors of the University of Alberta seeking to establish Centre collégial de l'Alberta within Faculté Saint-Jean to respond to these needs.

College diploma programs are generally two years in length and serve to prepare graduates for employment in a broad range of entry-level positions. Certificate programs are primarily one year of study and also prepare graduates for entry-level employment.

**Linguistic Policy** : Further information can be obtained from the appropriate Faculté Saint-Jean Calendar section.

**Services** : Further information can be obtained from the appropriate Faculté Saint-Jean Calendar section.

## Regulations of the Centre collégial de l'Alberta

### Admission

**Application for Admission** : Application procedure is explained on the Centre collégial de l'Alberta website. [www.centrecollegialalberta.com](http://www.centrecollegialalberta.com)

### Notes

1. Deadlines for applications for admission and readmission are posted on the Centre collégial de l'Alberta website at [www.centrecollegialalberta.com](http://www.centrecollegialalberta.com);
2. Please take note that the Application fees are non-refundable.

**French Language Proficiency** : French is the language of instruction in all programs at Centre collégial de l'Alberta. Unless stated otherwise in specific programs, French language proficiency is demonstrated by :

1. Successful completion of the following Alberta Education curriculum
  - a. Français 30-1, 30-2
  - b. French Language Arts 30-1, 30-2
  - c. French 30 (9 year), 31, **OR**
2. Successful completion of four years of education in French. Such education can be in a combination of secondary and postsecondary training, **OR**
3. Graduation from a diploma or degree program offered by an accredited postsecondary institution at which French is the language of instruction.

Further information may be obtained from the Admission office, Centre collégial de l'Alberta.

**English Language Proficiency** : English Language Proficiency is generally demonstrated by the successful completion of English Language Arts 30-1 or 30-2. Applicants to Centre collégial de l'Alberta need not demonstrate proficiency in English prior to admission being granted into most programs unless stated otherwise in the specific program admission requirements. However, they must demonstrate proficiency in English before they are granted a certificate or diploma or before they are considered for a Letter of Permission to study in another institution to complete their program. Students will be required to demonstrate proficiency in one of the following ways:

1. Successful completion of courses of English as a second language at the initial advanced proficiency level (CLB Level 9).

### Requirements for the *Technique en administration des affaires (TAA)* and *Gestion touristique (GTO)* diploma programs

1. Successful completion of one of Français 30-1, 30-2, French Language Arts 30-1, 30-2, French 30 (9 year), 31
2. Successful completion of one of English 30-1, 30-2 or proof of English Language Proficiency before being considered for graduation or for a Letter of Permission to study in another institution to complete their program.
3. Successful completion of one of Mathematics 30-1, 30-2, Pure Math 30, Applied Math 30

### Requirements for the *Préposé aux soins de santé* certificate program

1. Successful completion of one of Français 20-1, Français 20-2, French Language Arts 20-1 or French Language Arts 20-2, French 30 (9 years).

2. Successful completion of one of English 20-1, 20-2.
  - a. English Language Proficiency must be demonstrated before admission is granted. Applicants who do not present English 20-1 or 20-2 must demonstrate proficiency in one of the following ways prior to admission:
    - i. TOEFL (Test of English as a Foreign Language), score of 71.
    - ii. IELTS (International English Language Testing System), overall score of 6 with no section less than 5.0.
    - iii. CLB (Canadian Language Benchmarks), score of 7.

### Mature Applicants

Applicants 21 years and older who do not present the minimum requirements may be considered for admission as a mature student. Candidates will be considered on a case by case basis. Their prior learning and work experience will be analyzed. Contact the Centre collégial de l'Alberta Admissions office for more information, [cca@ualberta.ca](mailto:cca@ualberta.ca).

**Compulsory French Language Test for all students:** All students will be required to register for and write a French Language Placement Test. This test determines the level of competency in the French Language and determines the placement in the Français courses available.

### Compulsory Test for Students Admitted without English 30 or Equivalent

Students admitted without English 30 or equivalent will be required to register and write an English language placement test. This test determines the level of competency in the English language and determines the placement in the English courses available.

**Note: Compulsory Test for Students Admitted Without English 30 or Equivalent** does not apply to students registered in the Préposé aux soins de santé certificate program.

### Residence

Students registered in the Technique d'administration des affaires or Gestion touristique diploma programs must complete at least ★30 at the Centre collégial de l'Alberta to be eligible for graduation from the University of Alberta. Students registered in the Préposé aux soins de santé certificate program must complete at least ★15 credits at the Centre collégial de l'Alberta to be eligible for graduation from the University of Alberta.

### Letter of permission

Students may be allowed to take courses at another institution to obtain credits for a program at Centre collégial de l'Alberta. Before registering in another institution, a letter of permission must first be obtained from the Centre collégial de l'Alberta's Admission Office. A letter of permission will only be granted to students who have a satisfactory academic standing and who have successfully met all the requirements of the program.

### Academic Standing and Graduation:

#### Academic Standing:

At the end of **each term (Fall or Winter)** and according to the grade point average (GPA) of that semester, students are placed in one of the three following categories:  
Note: a minimum grade point average of 2.0 is required to obtain a certificate or diploma.

- **Satisfactory standing:** Students who maintain a GPA of 2.0 or greater may continue their studies at Centre collégial de l'Alberta.
- **Marginal standing:** Students who receive a GPA of 1.7 to 1.9 inclusive will be placed on academic probation and warned that if they have not met the requirements of the probation, they must withdraw from the program.

- **Unsatisfactory standing:** Students who receive a GPA of 1.6 or less will be required to withdraw from the program. Such students may apply for readmission, although normally at least one year must elapse before readmission will be granted (on a probationary basis).

Students are expected to maintain satisfactory performance and achievement levels in all elements of their program.

#### Academic Probation:

Students who are authorized to continue their studies on probation for academic reasons or who are readmitted after being required to withdraw for the program must demonstrate the ability to meet promotion standards and will be bound by the following requirements:

- Register as a full-time student during the session (Fall or Winter) and complete at least ★9 with a minimum GPA of 2.0.
- No failing grades are permitted.

#### Graduation :

A minimum grade point average of 2.0 is required to obtain a credential.

#### Honor's mention:

Honor's notations are granted in the following manner:

- Students who complete their academic year with a GPA of 3.5 in a minimum of ★24 during Fall/Winter shall be awarded 'First-Class' standing.
- Students who complete their academic year with a GPA of 3.7 in a minimum of ★24 during Fall/Winter shall be commended to the Dean's list.

#### Application for Graduation:

During the final term of their final year, all students must apply for graduation on Bear Tracks (<https://www.beartracks.ualberta.ca>) by September 1 for Fall Convocation or by February 1 for Spring Convocation.

Students who have studied in another institution with a Letter of permission must speak with someone from the Centre collégial de l'Alberta's Admission Office before applying for graduation. They must provide the Admission Office with an Official Transcript of the courses taken and the marks obtained before being considered for graduation.

The Centre collégial de l'Alberta has established two committees through which disagreements between students and staff can be resolved: The CCA Grade Review Committee for grade grievances, and the CCA Appeals Committee for other academic matters. Students may obtain the policies and procedures of the two committees from the Admissions Office.

#### Informal Procedures

The CCA Grade Review Committee and the CCA Appeals Committee will undertake no formal action until it has the assurance that students have already used all normal means at their disposal to resolve the problem informally, such as:

- In the case of a grade grievance or a problem with an instructor, the student will first try to resolve the problem with the individual concerned.
- If unsatisfied with the outcome of this first step, or if the issue does not fall within the instructor's competence, the student will then refer the problem to the Centre collégial de l'Alberta's Director. If the issue is still not resolved to the student's satisfaction, the latter may then refer to the Associate Dean (Academic).

- If the student is still unsatisfied with the results of the above mentioned proceedings, the latter will be notified by the Associate Dean (Academic) of their right to make a formal request or appeal.

### Formal Procedures

Students who are still unsatisfied, after completing the informal procedures, may submit a formal request to the CCA Grade Review Committee, in the case of a grade grievance, or a formal appeal to the CCA Appeals Committee, in the case of a problem of an academic nature.

The decision of the CCA Grade Review Committee is final. If the decision of the CCA Appeals Committee is not satisfactory, students may appeal to the GFC Academic Appeals Committee. (See Appeals and Grievances)

### Academic Advising

Centre collégial de l'Alberta staff provides academic advising to assist students in program planning. All new students must have an individual interview with a member of the staff at the beginning of their first term. Students who need accommodations must refer to Student Accessibility Services (<https://www.ssds.ualberta.ca>) It is the student's responsibility to be acquainted with all rules, regulations and requirements related to their particular program. Any exceptions to the requirements must be approved in writing by the Associate Dean (Academic).

## Programs of Study – Diploma

### Technique en Administration des affaires Diploma Program

#### General Program Information

The Technique en administration des affaires diploma program - Year 1 provides students with a common core of 10 courses to help them gain an appreciation for the wideassortment of career possibilities related to each specialization. Near the end of Term 2, students select a specialization that best suits their personal interests and career goals among the following five options: accounting, finance, marketing, management and human resource management.

In order to complete the Technique en administration des affaires diploma requirements, students must successfully complete second-year specialization courses either at the Centre collégial de l'Alberta or at the Northern Alberta Institute of Technology (NAIT) in one of the following areas: accounting, finance, marketing, management or human resource management. Second-year specializations courses offered by NAIT are offered in English. Transfer credits will be recognized by the University of Alberta towards the Technique en administration des affaires diploma when students have completed courses required by their program of study, have met academic standing requirements and have provided a valid transcript from NAIT. It is the student's responsibility to ensure they enroll in courses at NAIT and complete the required course credits. After validating first-year courses, students must obtain a letter of permission from the Centre collegial de l'Alberta which indicates the second-year courses students are required to take at NAIT to complete their program requirements (see Chart 1). Students admitted with deficiency in English will not be issued the letter of permission until they have shown proof of English-language proficiency.

## Gestion Touristique Diploma Program

### General Program Information

The Gestion touristique program provides learning opportunities for the development of bilingual tourism professionals with solid management and tourism development skills. This two year program offers product development training and competency based learning opportunities in a broad spectrum of content areas such as working as a guide, managing accommodations, organizing events, product sales and marketing. It is the student's responsibility to ensure they enrol in courses and complete the required course credits. In order to graduate, students are required to complete their program requirements (see Chart 2), show proof of English-language proficiency and maintain a minimum 2.0 GPA. All courses will be taught in French by the Centre collégial de l'Alberta.

## Programs of Study – Certificates

### Préposé aux soins de santé Certificate Program

#### General Program Information

The Préposé aux soins de santé Program is offered through an agreement with Alberta Health and is based on the mandated Health Care Aide curriculum. It combines theory and practice so that students can acquire the skills and knowledge needed to provide health care in different institutions. Students will have the opportunity to acquire a fundamental understanding of anatomy, physiology, medical terminology and the development of different stages of life as they develop a culturally sensitive client-centered approach to providing health care in a variety of contexts. In order to graduate, students are required to successfully complete their program requirements (see Chart 3 below) and maintain a minimum 2.0 GPA.

#### Practicum requirements

In order to be eligible for their practicum, the following criteria must be met:

- Successful completion of all prerequisite courses.
- A current Police Information Check (PIC) with Vulnerable Sector Search (VSS) must be submitted prior to practicum placement. Students who fail to provide a clear Police Information Check will not be allowed to participate in the practicum. Students who are entering the program and who have concerns related to their ability to satisfy a Police Information Check should consult with CCA admission staff immediately upon being admitted to the program.
- Immunization requirements as expressed in University of Alberta placement policies must be met in order to participate in practicum placements.
- Complete Alberta Health Services (AHS) Information & Privacy training online learning module and submit the signed Confidentiality and User Agreement on the last page of the module.
- Current N95 Mask Fit testing as arranged by the program.

## Academic Standing

Academic standing is determined by a student's performance immediately after the first semester of the program.

- **Satisfactory Standing:** Awarded to a student who obtains a grade point average of 2.0 or above in a full course load indicates that the student is eligible to continue in the program.
- **Marginal Standing:** Awarded to a student who obtains a grade point average of 1.7 to 1.9. Students with marginal standing may be permitted to continue under academic warning.
- **Unsatisfactory Standing:** Normally given to a student who obtains a grade point average of 1.6 or below. Students whose records are found to be unsatisfactory will be required to withdraw.

## Courses (Centre collégial de l'Alberta)

### Course Description

Refer to Faculté Saint-Jean Course Description.

## Courses

### General Information

At Faculté Saint-Jean, all courses, except English courses, are taught in French.

### Course Description

The following symbol and numbers are used in the course description:

1. ★ - This symbol stands for units of course weight and the accompanying number is used in computing grade point averages. Normally an ordinary full-session course is weighted ★6, a single-term course ★3 and some courses offered over a six week period are weighted ★1.5.
2. *f*- Stands for "Fee Index" and is the value used to calculate the instructional fees for each course. (See Fees Payment Guide.)

3. (x term, X-X-X) - The figures enclosed in parentheses give information on when the course is offered and the hours of instruction per week. The first position indicates lecture hours, the second seminar hours (s), demonstration (d), clinic (c), or lecture-laboratory hours (L), the third position indicates laboratory hours.

**Restricted Enrolment Courses:** Classes in some courses must for academic reasons be restricted in size. Such courses will be labelled "restricted enrolment" courses in the timetable. If such a course is found to be oversubscribed, students whose programs do not require that course may be required to delete it from their registration.

## Physical Requirements for University Courses

The University has a commitment to the education of all academically qualified students and special services are frequently provided on campus to assist students with disabilities.

Nevertheless, some courses make certain unavoidable demands on students, with respect to the possession of a certain level of physical skill or ability, if the academic objectives of the course are to be realized. In case of doubt, students are advised to contact the Department concerned and the Coordinator of Services for Students with Disabilities.

Since support services cannot be guaranteed for all off-campus courses, instructors may be obliged to refuse registration in such courses.

## Course Availability

The appearance of a course description, in this Calendar, does not constitute any guarantee that the course will be offered in the forthcoming session. Information as to which courses will be offered, the names of the instructors, and all further details must be sought from the office of the Associate Dean (Academic).

Faculté Saint-Jean courses can be found in Course Listings, under the following subject headings:

## Programs

### Undergraduate

#### Bachelor of Science (Environmental and Conservation Sciences-Bilingual)

Effective September 2015, there will be no further admissions to BSc ENCS program. Students who entered the program prior to September 2015 must complete all program requirements by April 30, 2021. The last BSc ENCS program will be granted at Spring Convocation 2021.

#### General Information

The four-year Bachelor of Science (Environmental and Conservation Sciences—Bilingual) degree is a collaborative effort between Faculté Saint-Jean and the Faculty of Agricultural, Life and Environmental Sciences. This program, unique in Canada, offers students the opportunity to obtain a fully bilingual Science degree in Environmental and Conservation Sciences in Canada's two official languages. Students will complete half of their coursework in each of the two Faculties. The objectives of the program are:

1. to respond to a need expressed by students and the community for a bilingual Bachelor of Science degree in Environmental and Conservation Sciences in Alberta;
2. to prepare bilingual (French-English) graduates who will:
  - a. evaluate effects of human land use on plant, soil, water and human resources;

- b. assess and facilitate conservation, reclamation and remediation measures for natural and damaged ecosystems;
  - c. understand and communicate in both official languages the role that social, economic and political forces play in natural resource management;
3. to promote the University of Alberta as a leading University offering a unique degree in North America;
  4. to attract francophone and francophile students from Canada and other countries.

The program is set up so that students will take their coursework in Year 1 in French at Faculté Saint-Jean (except for ANGL or equivalent, which can be taken either at Faculté Saint-Jean or in the Faculty of Arts). In Year 2, students will take required core courses in science in the Faculty of Agricultural, Life and Environmental Sciences, as well as French language courses and free electives at Faculté Saint-Jean. All qualified Year 2 students will then be promoted to Year 3 provided a minimum GPA of 2.0 has been achieved, and a minimum of ★54 applicable to the program has been successfully completed. They will take required core courses and courses in their area of specialization and continue to take some free electives at Faculté Saint-Jean. Some science courses (core and electives) may also be taken at Faculté Saint-Jean in Years 2, 3, and 4 [see Le programme, The program and BSc in Environmental and Conservation Sciences—Bilingual/Baccalauréat ès sciences (sciences de l'environnement et de la conservation—bilingue)].

Students who have not completed any postsecondary studies will complete ★54 at Faculté Saint-Jean, not counting ★6 for ANGL or equivalent, and ★60 in the Faculty of Agricultural, Life and Environmental Sciences. (see English Language Proficiency for Admission).

Students who have completed one year postsecondary studies will complete a minimum of ★45 at Faculté Saint-Jean and a minimum of ★45 in the Faculty of Agricultural, Life and Environmental Sciences (see English Language Proficiency for Admission).

Students who have completed two or more years of postsecondary studies will complete a minimum of ★30 at Faculté Saint-Jean and a minimum of ★30 in the Faculty of Agricultural, Life and Environmental Sciences [see BSc in Environmental and Conservation Sciences—Bilingual/Baccalauréat ès sciences (sciences de l'environnement et de la conservation—bilingue) and Transfer Applicants].

## Bachelor of Science in Engineering

### General Information

**Note:** Prospective students must apply for admission to the Faculty of Engineering.

Faculté Saint-Jean, in collaboration with the Faculty of Engineering, provides students admitted to the Bachelor of Science in Engineering the opportunity to complete most of the first year courses in a French environment. Academic conditions and content of the courses are equivalent to their English counterparts. Courses offered are listed in Chart 8. For further information about the first year of the program please contact the Office of Admissions at Faculté Saint-Jean. See General Information (ENG) for information on the Bachelor of Science in Engineering program.

## Bachelor of Science in Nursing (Bilingual)

### General Information

**Note:** Prospective students must apply for admission to the Faculty of Nursing.

The BScN (Bilingual) program is a collaborative effort between the Faculty of Nursing and Faculté Saint-Jean. This program offers students the opportunity to study nursing in Canada's two official languages. It is designed to:

1. Respond to a need expressed by students who wish to obtain a bilingual degree in nursing in Alberta.
2. Offer a program that prepares graduates to provide nursing services in both official languages.
3. Offer a program that better prepares graduates to respond to the needs of the French-speaking communities in Western and Northern Canada.

During their program, students take courses at Faculté Saint-Jean and at the Faculty of Nursing. The total number of nursing courses where the primary language of instruction is French varies from 27 to 47 credits. These courses may include clinical practice in bilingual or francophone settings. In addition, based on academic and clinical performance, and on availability of placements, students may elect to complete the senior practicum in a bilingual or francophone milieu outside of Edmonton.

1. The curriculum is designed to be taken over four years. With approval, students have up to six years from the time of admission to complete requirements for this program. Normally, students who do not complete the program within six years will be required to withdraw.
2. Students are responsible for the completeness and accuracy of their registration. Particular care should be exercised regarding prerequisite courses. Students are responsible for adjustments in registration made necessary by reexamination results.
3. Placements can be made anywhere in the Greater Edmonton area (Devon, Fort Saskatchewan, Leduc, Morinville, St Albert, Sherwood Park, Spruce Grove and Stony Plain) or as far away as 150 kilometers. For clinical courses delivered in English, required practice placements may be as far as 150 kilometres from Edmonton. For clinical courses delivered in French, required practice placements may be as far as 600 kilometres from Edmonton. Students are responsible for their transportation to practice placements and for the cost of travel and accommodations.
4. Students must purchase a stethoscope, a penlight, a lab coat and a uniform by the beginning of second year.
5. Clinical practice may include shift and weekend rotations.
6. Students must meet Health and Safety Requirements [see Health and Safety Requirements].

## Bilingual Bachelor of Commerce

### Description of Field

The four-year Bilingual Bachelor of Commerce degree is a collaborative effort between Faculté Saint-Jean and the Faculty of Business. This program, unique in Canada, offers students the opportunity to obtain a fully bilingual Business degree in Canada's two official languages. Students will complete half of their coursework at the Faculty of Business. The objectives of the program are as follows:

1. to respond to a need expressed by Francophone and Francophile students for coursework in French leading to a Bachelor of Commerce degree in Alberta;
2. to prepare bilingual (French English) graduates who will be competitive in a global economy;
3. to promote the University of Alberta as a leading University offering a unique degree in North America;

4. to attract students from French-speaking Canada and other countries in the world where French is a major language.

The program is set up so that students will take their coursework in Year 1 in French at the Faculté Saint-Jean (except for ANGL and ENGL, which can be taken either at Faculté Saint-Jean or in the Faculty of Arts). In Year 2, students will take the required core courses in business in the Faculty of Business and enrol in French language courses and free electives at Faculté Saint-Jean. In Years 3 and 4, students will continue in the Faculty of Business for required courses in their area of specialization. They will continue to take some free electives in Faculté Saint-Jean. Some Business courses (core and electives) can also be taken at Faculté Saint-Jean in Years 2 to 4. Normally a student will complete ★54 at Faculté Saint-Jean, not counting the ★6 for ANGL and ENGL, and ★60 in the Faculty of Business. Only in exceptional circumstances will students be allowed to depart from the ★54/★6/★60 pattern. (See Readmission of Previous Students).

### Notes:

<sup>1</sup> L'étudiant qui s'inscrit à la Faculté Saint-Jean est orienté dans les cours de français selon le programme d'études préalablement suivi (voir French Courses). Dans certaines circonstances, l'étudiant est tenu de suivre le cours FRANC 231.

<sup>2</sup> Les options de l'année 2 doivent être choisies soigneusement en fonction du champ de spécialisation éventuelle de chaque étudiant. Dans la plupart des cas, il est judicieux d'entamer le programme de cours obligatoires pendant l'année 2. ADMI 322 (ACCTG 322) est recommandé pour la plupart des majeures.

<sup>3</sup> Voir Courses in the Faculty of Business. Tous les étudiants qui préparent un baccalauréat bilingue d'administration des affaires sont censés choisir une matière parmi les champs de spécialisation offerts par la Faculty of Business. A cet égard, il leur est recommandé de se référer à Majors in Business de l'annuaire de l'Université pour choisir des options avancées d'administration des affaires qui conviennent à leur spécialisation. Certains cours offerts par la Faculty of Arts ou la Faculty of Science peuvent également répondre aux exigences du programme sanctionné par un baccalauréat bilingue d'administration des affaires. Un nombre maximal de ★42 options avancées d'administration des affaires est permis en troisième et quatrième années.

## Degree of Bachelor of Education

### General Information

The two programs at Faculté Saint-Jean prepare teachers to work in francophone schools and in French immersion programs. Students having successfully completed their studies will obtain a BEd and will be recommended for the Interim Professional Certificate.

1. **The 4-year program** to students meeting admission requirements normally after completion of first-year university studies. The program consists of ★120. Credits from the first year of university are included in the ★120.
2. **The 2-year program (BED/AD)** to holders of approved undergraduate degrees (BA, BSc or other). The program consists of ★60.

**Teaching Certificate:** Beginning September 15, 1990 all persons applying for certification as a teacher in Alberta will be subject to the following restriction on eligibility:

Except where the Minister of Learning decides otherwise, the Registrar for Alberta Learning shall not issue a teaching certificate to:

1. a person who has been convicted of an indictable offence under the Criminal Code; or
2. a person whom the Registrar has reason to believe should not be issued a certificate.

Applications for a teaching certificate shall be directed to the Registrar. As part of the application process, applicants will be asked whether they possess a criminal conviction. If the response is yes, the nature of the conviction and when and where they were convicted must be detailed.

The Registrar shall refuse to issue a teaching certificate to any applicant possessing an indictable criminal conviction. The Registrar may refuse to issue a teaching certificate to an applicant possessing a criminal conviction of a nature deemed unsuitable for teaching children or for any other reason. Applicants may appeal the decision of the Registrar to a Certification Appeal Committee established by the Minister. Appeals must be made in writing within 30 days of being advised of the Registrar's decision to not issue a certificate.

For additional information please contact Alberta Learning Professional Development and Certification Branch at (780) 427-2045.

## Field Experiences

Achieving the DELF level "B2 strong" or equivalent is a mandatory requirement for admission to field experiences (see Language test).

The field experiences comprise three compulsory parts. The first part, EDU F 200, includes six half-days in the classroom, usually in a group with other students to introduce the student to the Francophone or immersion context. The course also includes a series of seminars and thematic presentations at Faculté Saint-Jean. The second and third parts, "Stages I and II," consist of 13 weeks of practical experience in a school environment.

Normally the three compulsory parts must be completed at Faculté Saint-Jean. Students registered in "Stages I and II" may be required to complete their practicum outside of Edmonton.

A field placement in the Edmonton metropolitan area may require travel up to a maximum of 75 kilometers from the Faculté Saint-Jean.

Students outside the province of Alberta may complete a Stage I or II course in their province of residence.

## Programs

The four-year Education Program offered at Campus Saint-Jean allows students to develop the competencies necessary for teaching in French immersion and/or Francophone schools. Students also have the opportunity to take courses with a Community-Service Learning (CSL) component and this option can allow them to obtain a CSL certificate at the end of their program.

## Academic Standing

1. To be granted the BEd degree students must maintain a GPA of 2.0 in ★120 credited to the degree.
2. A student who has been assigned a grade of "W" or "NC" in a Field Experience course (EDU F 200; EDU S 420, EDU S 421, EDU S 421, EDU S 471) is entitled to a second registration in this course subject to (3) and (4).
3. Students are allowed only one "W" or "NC" in the sequence of their Field Experience courses. A student who receives a "W" or "NC" in a second Field Experience course is required to withdraw from the Education program at Faculté Saint-Jean.
4. Students who receive a "W" or "NC" in "Stage I or II" must have the approval of the head of the Education section and of the Associate Dean (Academic) to reregister for that course.
5. Students on probation for academic reasons may not register in "Stage I or II."

## Degree of Bachelor of Science

### General Program

The BSc General program is designed to provide students with a diversified education in more than one branch of study and includes a major and a minor subject or area of concentration. In addition to providing for a BSc General Degree, this allows for subsequent transfer to Specialization and Honors programs, at the Faculty of Science, for which there is no first-year admission. Students who are enrolled in the General program and who intend to transfer to another program should consult the appropriate Calendar description for the particular program of interest and carefully select their first-year core courses in accordance with the requirements of the specific program. It should be noted that this program requires that students include Faculty of Science courses that are offered only in English. See Chart 6.

<sup>2</sup> L'étudiant satisfait normalement à l'exigence d'un cours d'anglais en réussissant soit ANGL (★6) soit ALS (★6). Ce dernier cours est réservé aux étudiants inscrits dans un programme de la Faculté Saint-Jean sans avoir réussi English 30 ou English Language Arts 30-1 ou l'équivalent.

<sup>3</sup> L'étudiant doit compléter ★36 en sciences durant les deux premières années de son programme.

## Program Requirements

1. To obtain a BSc General Degree, students must receive credit in ★120. At least ★72 and not more than ★90 must be in Science. At least ★30 and not more than ★48 must be in Arts among which FRANC 232 is required.
2. The General Program is characterized by a core of courses, which must include the following:
  - a. FRANC 232.
  - b. ★6 from among junior courses in English, ANGL or ENGL.

- c. ★6 from among junior courses in Computing Science or Mathematics and Statistics.
  - d. ★6 from among junior courses in Astronomy, Chemistry, or Physics.
  - e. ★6 from among junior courses in Biology or Psychology (Science).  
**Note:** BIOLE 107 and BIOLE 108 cannot be used for the minor in Agriculture.
3. Normally, at least ★30 at the junior level must be successfully completed before students may register in senior-level courses.
  4. Each student must complete a major subject area of concentration in Science. See below for specific course requirements in each major subject area of concentration in sciences.  
A minimum of ★36 and a maximum of ★48 are required in the major subject or area of concentration, with no more than ★18 at the junior level. Students must successfully complete a minimum of ★12 at the 300-level in the major.
  5. Each student must also either:
    - a. complete a minor subject or area of concentration in sciences (see list below). At least ★24 and not more than ★36 are required in the minor, with no more than ★12 at the junior level. Students must also successfully complete a minimum of ★6 at the 300-level in the minor.  
**Note:** For Non-Sciences Minors (see Section Non-Science Minors)
    - b. complete a second Science major: Students who complete a second Science major will not have a minor. To achieve a double major in the BSc, students must complete at least one of the majors and at least ★60 at Faculté Saint-Jean. The Double Majors will be recorded on the student transcript.
  6. The major and minor may not share courses from the same subject or area of concentration. The following combinations are not allowed:

### Psychology (Science)/Psychology (Arts)

Courses in a major or a minor may not overlap. For example, if the major is the Physical Sciences, and minor is Chemistry, the major may be made up of Astronomy, Biochemistry, Geophysics, Mathematical Physics and Physics courses, but no Chemistry courses. The minor would consist exclusively of Chemistry courses.

7. Subject to receiving written approval from the Faculté Saint-Jean prior to registration, a maximum of ★12 may be taken from Faculties other than Science or Arts. For applicants to the BSc General who have already taken courses from Faculties other than Science or Arts, potential transfer credit for such courses will be assessed at the time of admission to the program.  
Such subjects are not included as part of the major or minor subject or area of concentration, nor toward the minimum requirement of ★18 in Arts, nor toward the minimum requirement of ★72 in Science.  
**Note:** Course Listings contains a list of courses from other Faculties that are regarded as Science courses. These courses may be used toward the major and minor and do count toward the minimum requirement of ★72 in Science.

### Majors

A major area of concentration consists of courses taken from seven subject areas of concentration:

#### Biological Sciences (see note 1):

A major in the Biological Sciences consists of at least ★36 with at least ★12 at the 300-level or higher. The major must include the following:

1. BIOLE 107, BIOLE 108 and one of BIOLE 207 or BIOLE 208
2. At least ★9 in courses at the 200-level or higher with a lab component and offered by the Department of Biological Sciences. The ★3 from BIOLE 207 or BIOLE 208 in Requirement (1) above may not be used to fulfill this program requirement.
3. At least ★3 from each of the following three areas of study:

- a. Ecology, evolution or diversity
- b. Genetics and molecular (or micro-) biology
- c. Physiology, cell and developmental biology, anatomy

Consult departmental website for a list of approved courses for each of the three areas of study. BIOLE 107, BIOLE 108, BIOLE 207 and BIOLE 208 may not be used to fulfill the program requirements in 3a, 3b or 3c.

4. At least ★12 at the 300-level or higher, of which at least ★3 must be at the 400-level. Many of the senior Biological Sciences courses require either BIOL 207 or BIOL 208 as a prerequisite so both courses are highly recommended.

## Chemistry

A major in Chemistry consists of at least ★36 with at least ★12 at the 300-level or higher. The major must include the following:

1. CHIM 101, CHIM 102, CHIM 261 (or CHIM 164) and CHIM 263
2. At least ★3 from CHIM 211, CHEM 241, CHEM 282.
3. At least ★12 in CHIM at the 300-level or higher, of which at least ★3 must be at the 400-level
4. Any additional courses required to meet the minimum ★36 may come from CHIM or BIOCM.

Although it does not count toward the major, students completing a Chemistry major are recommended to take MATHQ 114 (or 113) and 115. Some senior CHIM courses require MATHQ 115 as a prerequisite, so students must plan accordingly.

## Mathematical Sciences (see note 2)

A major in Mathematical Sciences consists of at least ★36 with at least ★12 at the 300-level or higher. The major must include the following:

1. MATHQ 114, MATHQ 115
2. At least ★18 at the senior level in MATHQ
3. At least ★12 at the 300-level or higher in MATHQ
4. Any additional courses required to meet the minimum ★36 may come from CMPUT, MATHQ or MATH, STATQ or STAT

## Mathematics

A major in Mathematics consists of at least ★36 with at least ★12 at the 300-level or higher. The major must include the following:

1. MATHQ 114 (or MATHQ 113 or MATH 117 or MATH 134 or MATH 144), MATHQ 115 (or MATH 118 or MATH 146), MATHQ 214 (or MATH 217) and 215 (or MATH 317)
2. MATHQ 125 (or MATH 127) and MATHQ 225 (or MATH 227)
3. At least ★3 from MATHQ 228 and MATHQ 334
4. At least ★12 in MATHQ at the 300-level or higher, of which at least ★3 must be at the 400-level. If taken to meet Requirement (3) above, MATHQ 334 may be used toward Requirement (4)

## Physical Sciences (see Note 3)

A major in Physical Sciences consists of at least ★42 with at least ★12 at the 300-level or higher. The major must include the following:

1. CHIM 101, CHIM 102 and CHIM 261 (or CHIM 164)
2. PHYSQ 124 (or PHYS 144), PHYSQ 126 (or PHYS 146) and ★3 from PHYS 208 or PHYSQ 271

3. At least ★3 from CHIM 211, CHEM 241, and PHYS 294
4. At least ★12 at the 300-level or higher
5. At least ★12 in Chemistry and Physics courses

Chemistry courses may be chosen from BIOCM (see Note 4) or CHIM, and Physics courses may be chosen from ASTRO, GEOPH, MA PH (see Note 5), PHYSQ or PHYS. Many of the courses have MATHQ or MATH pre- or corequisites so students must plan accordingly.

## Physics

A major in Physics consists of at least ★36 with at least ★12 at the 300-level or higher. The major must include the following:

1. PHYSQ 124 (or PHYS 144), PHYSQ 126 (or PHYS 146)
2. PHYS 244, PHYS 281; PHYS 294 or PHYS 295; and PHYSQ 271 (or PHYS 208 with a grade of B+ or higher)
3. At least ★3 from PHYS 310, PHYS 362, PHYS 372, PHYS 381
4. An additional ★9 at the 300-level or higher

Courses may be chosen from ASTRO, GEOPH, MA PH, PHYSQ or PHYS. Many of the courses have MATHQ or MATH pre- or corequisites so students must plan accordingly and might wish to pair the Physics major with a minor in Mathematics.

## Science Psychology

A major in Psychology consists of at least ★36 with at least ★12 at the 300-level or higher. The major must include the following:

1. PSYCE 104 and PSYCE 105
2. At least ★6 chosen from PSYCE 258, PSYCE 275, PSYCE 282
3. At least ★6 chosen from PSYCE 333, PSYCE 239, PSYCE 241
4. At least ★6 in PSYCE at the 300-level or higher (minimum of ★3 from Science and ★3 from Arts)
5. At least ★6 in PSYCE at the 400-level or higher (minimum of ★3 from Science and ★3 from Arts)

Although it does not count toward the major, students completing a Psychology major must also take STATQ 151. Many senior PSYCE courses require STATQ 151 as a prerequisite so students must plan accordingly.

## Minors

Students may choose a minor concentration either in Science or in Arts. However, the requirements of these routes contain important differences.

A Science minor consists of Science courses taken from one of the following subject areas of concentration:

### Biological Sciences (see note 1):

A minor in the Biological Sciences consists of at least ★24 with at least ★6 at the 300-level or higher. The minor must include the following:

1. BIOLE 107, BIOLE 108 and one of BIOLE 207 or BIOLE 208
2. At least ★3 from each of the following three areas of study:
  - a. Ecology, evolution or diversity
  - b. Genetics and molecular (or micro-) biology

c. Physiology, cell and developmental biology, anatomy

Consult departmental website for a list of approved courses for each of the three areas of study. BIOLE 107, BIOLE 108, BIOLE 207 and BIOLE 208 may not be used to fulfill the program requirements in 2a, 2b or 2c.

(3) At least ★6 at the 300-level or higher. Many of the senior Biological Sciences courses require either BIOLE 207 or BIOLE 208 as a prerequisite so both courses are highly recommended.

## Chemistry

A minor in Chemistry consists of at least ★24 with at least ★6 at the 300-level or higher. The minor must include the following:

1. CHIM 101, CHIM 102, CHIM 261 (or CHIM 164) and CHIM 263
2. At least ★3 from CHIM 211, CHEM 241, CHEM 282.
3. At least ★6 in CHIM or CHEM at the 300-level or higher
4. Any additional courses required to meet the minimum ★24 may come from CHIM or CHEM or BIOCM or BIOCH

## Mathematical Sciences (see note 2)

A minor in Mathematical Sciences consists of at least ★24 with at least ★6 at the 300-level or higher. The minor must include the following:

1. MATHQ 114 (or 113), MATHQ 115
2. At least ★12 at the senior level in MATHQ
3. At least ★6 at the 300-level or higher in MATHQ
4. Any additional courses required to meet the minimum ★24 may come from CMPUT, MATHQ or MATH, STATQ or STAT

## Mathematics

A minor in Mathematics consists of at least ★24 with at least ★6 at the 300-level or higher. The minor must include the following:

1. MATHQ 114 (or 113 or MATH 117 or MATH 134 or MATH 144), MATHQ 115 (or MATH 118 or MATH 146), MATHQ 214 (or MATH 217)
2. MATHQ 125 (or MATH 127) and MATHQ 225 (or MATH 227)
3. MATHQ 228 or both MATH 215 (or MATH 317) and MATHQ 334
4. At least ★6 in MATHQ at the 300-level or higher

## Physical Sciences (see Note 3)

A minor in Physical Sciences consists of at least ★27 with at least ★6 at the 300-level or higher. The minor must include the following:

1. CHIM 101, CHIM 102, and CHIM 261 (or CHIM 164)
2. PHYSQ 124 (or PHYS 144), PHYSQ 126 (or PHYS 146)
3. At least ★9 in Chemistry and Physics courses
4. At least ★6 at 300-level or higher.

Courses may be chosen from ASTRO, BIOCM, BIOCH (see Note 4), CHIM or CHEM, GEOPH, MA PH (see Note 5), PHYSQ or PHYS.

## Physics

A minor in Physics consists of at least ★24 with at least ★6 at the 300-level or higher. The minor must include the following:

1. PHYSQ 124 (or PHYS 144), PHYSQ 126 (or PHYS 146)
2. PHYS 244, PHYS 281; PHYS 294 or PHYS 295; and PHYSQ 271 (or PHYS 208 with a grade of B+ or higher)
3. At least ★3 from PHYS 310, PHYS 362, PHYS 372, PHYS 381
4. An additional ★3 at the 300-level or higher

Courses may be chosen from ASTRO, GEOPH, MA PH, PHYSQ or PHYS. Many of the courses have MATH pre- or corequisites so students must plan accordingly and might wish to pair the Physics minor with a major in Mathematics.

## Psychology

A minor in Psychology consists of at least ★24 with at least ★6 at the 300-level or higher. The minor must include the following:

1. PSYCE 104 and PSYCE 105
2. At least ★3 chosen from PSYCE 258, PSYCE 275, PSYCE 282
3. At least ★3 chosen from PSYCE 333, PSYCE 239, PSYCE 241
4. At least ★6 in PSYCE at the 300-level or higher (minimum of ★3 from Science and ★3 from Arts) Although it does not count toward the minor, students completing a Psychology minor must also take STATQ 151. Many senior PSYCO courses require STATQ 151 as a prerequisite so students must plan accordingly.

## Notes

1. Biological Sciences courses include ANATE/ANAT, BIOCM/BIOCH, BIOIN, BIOLE/BIOL, BOTQ/BOT, CELL, ENT, GENET, IMINE/MMI, MA SC, MICRE/MICRB, MMI (with the exception of MMI 133), NEURO, NU FS 363, PMCOL (with the exception of PMCOL 300), PALEO, PHYSE/PHYSL (with the exception of PHYSL 600), ZOOL.
2. Mathematical Sciences courses include CMPUT, MATHQ/MATH, STATQ/STAT.
3. Physical Sciences courses include ASTRO, BIOCM/BIOCH, CHIM/CHEM, GEOPH, MA PH, PHYSQ/PHYS.
4. BIOCM/BIOCH courses may be counted as Biological Sciences or Chemistry.
5. MA PH courses may be counted as Physical Sciences or Physics.

In addition to the areas and subjects listed above, offered at Faculté Saint-Jean, students may choose a minor from those offered by the Faculty of Science unless there is an equivalent minor offered by Faculté Saint-Jean (**Note:** Faculty of Science courses are offered in English). Within each of these minors, students must meet the requirements of the Faculty of Science (see BSc General Program) as well as those of Faculté Saint-Jean. Also the student may choose a minor in Agriculture, Environmental and Conservation Sciences or Human Ecology offered by the Faculty of Agricultural, Life and Environmental Sciences (see BSc General-Minor in Agricultural, Life and Environmental Sciences). Note that the Faculté residence requirements are applicable in this case (see Residence).

## Non-Science Minors

Science students may also complete a minor in Arts.

For the minor concentration in Arts, students must complete a minimum of ★15 at the senior level, including at least ★6 at the 300- or 400-level, and a maximum of ★24.

For the minor concentration in Music, the student must complete a minimum of ★12 at the senior level, including at least ★6 at the 300- or 400-level, and a maximum of ★24.

For information about the BSc General – minor in Arts, see BA Major/Minor Requirements.

For information about the BSc General – minor in Agricultural, Life and Environmental Sciences, see BSc General—Minor in Agricultural, Life and Environmental Sciences. In all cases, the faculty and/or department-specified requirements for the minor must be met.

In addition to the areas listed above and offered at Faculté Saint-Jean, students may choose a minor from those offered by the Faculty of Arts unless there is an equivalent minor offered by Faculté Saint-Jean (**Note:** Faculty of Arts courses are offered in English). Within each of these minors, students must meet the requirements of the Faculty of Arts as well as those of Faculté Saint-Jean. Note that the Faculté residence requirements are applicable in this case (see Residence).

## Combined Degree Program

### Bachelor of Education/Bachelor of Science Degrees

The Faculté Saint-Jean offers a combined degree program that allows students to obtain two degrees (one in science and one in education). See section Bachelor of Education/Bachelor of Science Degrees,

- BSc General—Minor in Agricultural, Life and Environmental Sciences

## BSc General—Minor in Agricultural, Life and Environmental Sciences [Faculté - English]

Students may choose a minor in Agriculture, Environmental and Conservation Sciences or Human Ecology. All other restrictions and requirements of the BSc General program as outlined in Program Requirements apply.

**Note:** Students should ensure that they have completed any prerequisites before registering in any of the courses listed in this section.

### Minor in Agriculture

The minor in Agriculture consists of at least ★24 and no more than ★30 as follows:

#### Animal Science

- AN SC 200
- AN SC 310 - Physiology of Domestic Animals
- AN SC 311 - Metabolic Physiology of Domestic Animals
- AN SC 374
  
- AN SC 471 - Applied Poultry Science **OR**
- AN SC 472 - Applied Dairy Production Science **OR**
- AN SC 474 - Applied Beef Cattle Science **OR**
- AN SC 475 **OR**
- AN SC 476 - Applied Swine Science

- ★9 to ★15 in AN SC courses at 300 or higher level

### Soil and Plant Sciences

- SOILS 210
  
- SOILS 420 **OR**
- SOILS 430 **OR**
- SOILS 440 **OR**
- SOILS 450 **OR**
- SOILS 460
  
- PL SC 221 - Introduction to Plant Science
  
- PL SC 324 - Crop Ecophysiology **OR**
- PL SC 465
  
- PL SC 352 - Invasive Alien Plants: Biology and Control **OR**
- PL SC 380 - Principles of Plant Pathology
  
- ★9 to ★15 in PL SC, SOILS, ENCS or REN R courses at 300 or higher level

### Sustainable Agriculture

- SOILS 210
- PL SC 221 - Introduction to Plant Science
- ENCS 203
- R SOC 355 - Rural Communities and Global Economies
- REN R 450 - Environmentally Sustainable Agriculture
- AG EC 200
- ★6 to ★12 in PL SC, SOILS, ENCS or REN R courses at 300 or higher level

### Minor in Environmental and Conservation Sciences

The minor in Environmental and Conservation Sciences consists of at least ★24 and no more than ★30 as follows:

- ENCS 201
- SOILS 210
- REN R 120 - Introduction to Plant Identification
- REN R 250 - Water Resource Management
- ENCS 260
- ★9 to ★15 in ENCS, REN R or SOILS courses at 300 or higher level

## Minor in Human Ecology

The minor in Human Ecology consists of at least ★24 and no more than ★30 as follows:

- HECOL 100 - Introduction to Principles and Practice in Human Ecology
- HECOL 200
- HECOL 201 - Introduction to Material Culture

- HECOL 414
- HECOL 440 - Family Policy Issues
- HECOL 443 - Family Law
- HECOL 462 - Material Culture in Home and Community

## Academic Standing and Graduation

To obtain a BSc General degree, students must maintain a GPA of 2.0 in ★120 credited to the degree. A GPA of at least 2.3 is required in the major subject or area of concentration.

## Degrees of Bachelor of Arts

### General Information

**The BA Degree:** The Faculté Saint-Jean offers a Bachelor of Arts degree with a major subject of concentration and a minor subject of concentration or two major subjects of concentration. This four-year program offers a Liberal Arts education and stresses the general education of students in a francophone setting. Students will acquire the capacities for adaptation, analysis, communication and teamwork that are necessary for today's job market.

The BA program includes nine majors: Economics, Canadian Studies; Interdisciplinary Studies; French-language; French-literature (French and French- Canadian); History; Psychology; Political Science; Sociology. It also includes a wide range of minors.

The first two years consist of a core program common to all subjects of concentration, while the last two years are normally devoted to the major and minor concentrations.

The originality of the BA program at Faculté Saint-Jean lies in its interdisciplinary and pluridisciplinary nature. For the concentration, a certain number of courses from related disciplines are allowed. These courses will enrich and broaden the major concentration.

Faculté Saint-Jean offers all the courses necessary to obtain a BA degree. This does not prevent students from taking a certain number of courses in other Faculties at the University of Alberta.

The program takes into account Faculté Saint-Jean requirements regarding French courses and provides a variable number of options.

**The BA Honors Degree:** The BA Honors program allows students to study a specific subject in greater depth. It also requires a higher standard of performance. As a result, it is an excellent preparation for graduate studies.

The BA Honors program includes four specializations: Canadian Studies; Interdisciplinary Studies; French-language and literature (French and French-Canadian); Socio-political Science.

## BA Program

### I. The BA Degree

The BA program consists of a major subject of concentration and a minor subject of concentration or two major subjects of concentration with at least one of the major subjects of concentration taken at Faculté Saint-Jean. Students must choose their major and minor concentrations when registering in the second year of their program.

Given the interdisciplinary nature of the BA program, certain courses will be allowed both in the major and in the minor concentrations. However, the same course may not be counted twice in the student's program. Normally, the course will be counted with its usual discipline, in other words according to the definition indicated by its abbreviation. (For example, in the case of a student with a major in Canadian Studies and a minor in Political Science, ETCAN 421 would be counted for the major and SC PO 225 and SC PO 226 for the minor.) If the course does not fit within any specific discipline, priority will be given to the major subject of concentration. (For example, in the case of a student with a major in Sociology and a minor in Political Science, SCSOC 225 would be counted for the major.)

1. **Major Subject:** In any major concentration taken at Faculté Saint-Jean, students must complete a minimum of ★30 at the senior level, including at least ★6 at the 400-level, in one of the following areas: Economics, Canadian Studies; Interdisciplinary Studies; French-language; French-literature (French and French-Canadian); History; Psychology; Political Science; Sociology. A minimum of ★15 must be completed at the Faculté Saint-Jean.

To achieve a double major in the BA, students must complete at least one of the majors and at least ★60 at Faculté Saint-Jean.

In addition to the areas listed above and offered at Faculté Saint-Jean, students may choose a second major from the following areas offered by the Faculty of Arts (**Note:** courses are offered in English): Anthropology, Art and Design, Classics, Comparative Literature, East Asian Studies, Economics, English, Film Studies, German, Scandinavian, Human Geography, Linguistics, Philosophy, Religious Studies, Italian, Spanish, Latin American Studies, Russian, Ukrainian, Women's Studies. Within each of these areas, students must meet the requirements of the Faculty of Arts as well as those of Faculté Saint-Jean.

2. **Minor Subject:** Students may choose a minor concentration either in Arts or in Science. However, the requirements of these routes contain important differences.
  - a. **Arts:** For the minor concentration in Arts, students must complete a minimum of ★15 at the senior level, including at least ★6 at the 300- or 400-level, and a maximum of ★24 in one of the following areas: Anthropology and Sociology; Economics; Canadian Studies; Drama; French-language; French-literature (French and French-Canadian); History; Music; Philosophical and Social Thought; Psychology; Political Science; Sociology. For the minor concentration in Music, the student must complete a minimum of ★12 at the senior level, including at least ★6 at the 300- or 400-level, and a maximum of ★24.

In addition to the areas listed above and offered at Faculté Saint-Jean, students may choose a minor from those offered by the Faculty of Arts

unless there is an equivalent minor offered by Faculté Saint-Jean (**Note:** Faculty of Arts courses are offered in English). Within each of these minors, students must meet the requirements of the Faculty of Arts as well as those of Faculté Saint-Jean. The requirements of the different departments in the Faculty of Arts are set out in Programs and Certificates to Cooperative Education (Work Experience) Program of the Calendar. Note that the Faculté residence requirements are applicable in this case (see Residence).

- b. **Science:** For the minor concentration in Science, students must complete a minimum of ★24 and a maximum of ★36 (including no more than ★12 at the junior level and including at least ★6 at the 300- or 400-level) in one of the following subjects or areas:

**Areas:** Biological Sciences; Mathematical Sciences; Physical Sciences.

**Subjects:** Biology, Chemistry, Mathematics, Physics, Psychology (Science).

In addition to the areas and subjects listed above, offered at Faculté Saint-Jean, students may choose a minor from those offered by the Faculty of Science unless there is an equivalent minor offered by Faculté Saint-Jean (**Note:** Faculty of Science courses are offered in English). Within each of these minors, students must meet the requirements of the Faculty of Science (see BSc General Program) as well as those of Faculté Saint-Jean. Also the student may choose a minor in Agriculture, Environmental and Conservation Sciences or Human Ecology offered by the Faculty of Agriculture, Life and Environmental Sciences (see BSc General-Minor in Agricultural, Life and Environmental Sciences). Note that the Faculté residence requirements are applicable in this case (see Residence).

## Common Requirements

- The BA at Faculté Saint-Jean is a four-year program, with ★120.
- The requirements concerning French courses are those of Faculté Saint-Jean.
- Students must complete ★6 in a language course other than French.
- Students must complete FRANC 235, normally during the second year of their program.
- Students registered in a program with concentration must complete ★6 in Fine Arts and Literature ★6 in Science. Students registered in an Honors program must complete either ★6 in Fine Arts and Literature or ★6 in Science.
- Options may be Arts or Science courses. However, up to ★12 may be taken in areas other than arts and science.
- Exceptionally, the Associate Dean (Academic) may authorize a student to spend less than or more than four years to meet the requirements of a degree.

## Combined Degree

### Bachelor of Education/Bachelor of Science Degrees

#### General Information

The five-year program, consisting of ★150, is a combination of the BEd (secondary route) and BSc (general) degrees. Its integrated nature allows a student to receive both the BEd degree and the BSc degree by meeting all the requirements of both programs with the exception of the English literature requirement of the latter which has been replaced by a compulsory course in French or French-Canadian literature. Graduands from the program will meet the requirements for teacher certification.

Students are required to select a major from one of the three areas of Science: Mathematical Sciences, Physical Sciences, and Biological Sciences. One of the two remaining areas must be selected as a Science Minor. In addition, all students are required to present a Minor in French. It is intended that graduands have a sound knowledge of French language and culture in addition to enhanced Science training presented by this teacher-preparation program.

To be admitted into the Combined Bachelor of Education/Bachelor of Science program students must meet the admission requirements as laid out in Admission Requirements.

Students in either a BEd or a BSc program may also transfer into the combined program after the second year providing that all courses and academic standing of Year One and Year Two of the combined program, as well as all admission requirements, have been met at the time of the transfer. Normally, a student will be able to transfer from the combined program to a BEd or BSc (general) program after Year Two and should be able to complete the single degree within the normal time frame.

## Program Requirements

1. To obtain both the BEd degree and the BSc degree, students must successfully complete ★150 as follows:  
★72 in science, ★51 in education, ★24 in French, and ★3 in free option.  
Major (Science) – ★36  
Minor in Science – ★24  
Minor in French – ★24  
Technology (EDU M 341) – ★3  
History or Philosophy of Science – ★3  
Options (Science) – ★6  
Education courses – ★51  
Free option – ★3
2. Normally, a maximum of ★48 at the junior level is permitted in the combined program.
3. Students must successfully complete a minimum of ★12 at the 300-level in the major and, in addition, a minimum of ★6 at the 300-level in the science minor.
4. The following courses must be included in the French minor: FRANC 322, ★3 in Francophonies (see Classification of Courses) and ★3 in literature (FRANC 235).
5. Normally at least ★30 at the junior-level must be successfully completed before students may register in senior-level courses.
6. In order to be admitted with advanced credits in the program, students must normally possess a Grade Point Average of at least 2.0.

7. To continue in the combined BEd/BSc program requires a Grade Point Average of at least 2.0. Students who do not meet this requirement must withdraw from the combined program and may apply for admission to either a BEd program or a BSc program if eligible.
8. To obtain both the BEd and BSc degrees, students must maintain a GPA of 2.0 in all courses for which a mark is granted and in all the major courses in science.
9. To be recommended for the Interim Professional Certificate, students must obtain a Grade Point Average of at least 2.0 in all compulsory professional courses.
10. Students who receive a failing grade in "Stages I or II" will not be allowed to register in any further Education Field Experiences courses at Faculté Saint-Jean and will be required to withdraw from the program.
11. Students who withdraw from "Stages I or II" must have the approval of the Associate Dean (Academic) to reregister for these courses.
12. Students in schools during the field experience are expected to conduct themselves according to the Alberta Teachers' Association Code of Professional Conduct and the University of Alberta Code of Student Behaviour: Conduct and Discipline. Student teachers shall
  - a. recognize and accept that the welfare of the students is of ultimate concern and that the cooperating teacher has the final responsibility for what occurs in the classroom; and
  - b. maintain an ethical and professional attitude toward all members of the school community and become familiar with the Alberta Teachers' Association Code of Professional Conduct.

Students are held accountable to these standards and answerable to the head of the Education Sector and the Associate Dean (Academic).
